PARTNER SCHEME

Partners

Welcome to the PipMakers partner scheme, This referral program is not based on a MLM model, ranks do not have to be achieved in order to be paid. If you as a current customer would like to introduce potential clients to join us then as a way of thanking you we will pay you a % of the profit of your referral.

What Will I Get?

If you become a partner and introduce customers into our business then we will pay you 10% of the performance fee per referral you bring in. So for example if your Customer deposits \$5000 and makes 20%/\$1000 we take our 20% \$200 and pay you 10% of that \$20, we do this per customer you have. If your customer introduces someone then you will not receive anything from this, Only direct customers.

Commissions are to be paid 1 week after all our performance fees are received.

If your referral fails to pay and leaves us then we will not be able to pay you for them, Commissions will only be paid out when all our fees have been received.

Commissions increase, see below.

1-10 customers 10% commission

11-15 customers 15% commission

16-25 customers 20% commission

What Do I Need To Do?

Firstly we would ask you send us a copy of your referrals with their Name, PM number and email address so we can store it for reference, everytime you get a new referral please let us know via partners@pipmakers.co.uk

When you Introduce someone we would expect you to help them get set up with their broker/whitelabel and add account etc, We are always here for support if needed or any issues arose.

Setup guides can be found in the members telegram group pinned post
