8, When your account is connected to the copier you will see this message.

If you wish to set your own drawdown levels you can by clicking on drawdown and enterinh your desired % for closing.

As we have our own drawdown % on the EA you dont have to do this, but the choice is yours.

If you chose not to do this then just click OK.

Success

Your application to auto-copy PipmakersEA is complete. It may take a few minutes while your account is enabled. You can manage your risk by tapping the 'Max drawdown' option.
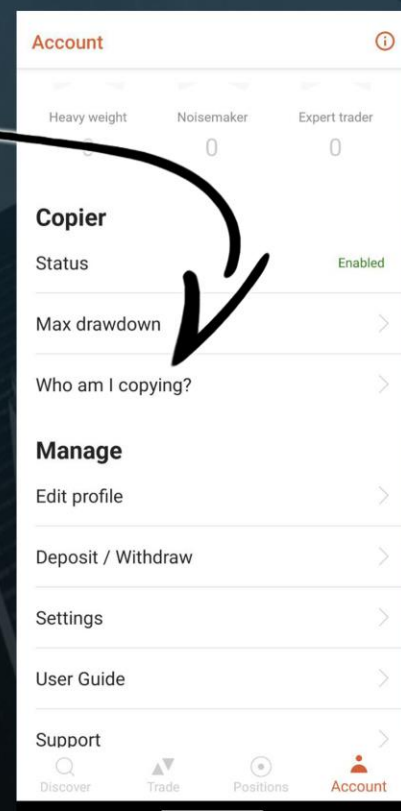

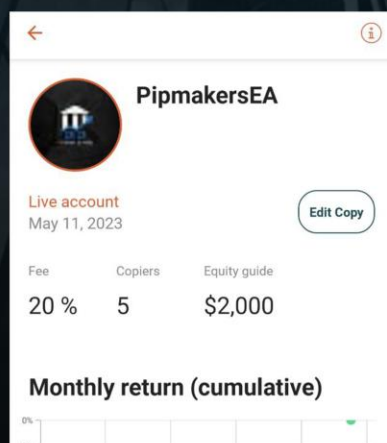

Max drawdown   OK

9, Go to the bottom right and click account and then click Who am I copying.

You will then see the screen below and that is it, you are all set to start copying the trades to your own account. If you want to change any of the settings then simply click on Edit Copy and you can change them, remember to click update if you change any settings.
